Amendment to Alliance Credit Union Member Agreements and Disclosure Skip-A-Payment Maturity Date Extension. By signing, I understand that I will not have to make my payment(s) on my signature or vehicle loan(s) for one month indicated above. The regular payment(s) will begin again after my selected skipped payment month. If I skip a payment(s), finance charges will still accrue and are repaid over the life of the loan. As a result you may pay higher total finance charges on the loan than if a payment is not skipped. Your maturity date of the loan will be extended if the Skip-A-Payment offer is accepted. Except as stated in this Amendment, all terms and conditions of my Credit Agreement(s) will remain in effect. Skip-A-Payment may affect Guaranteed Auto Protection (GAP) you may have purchased for your loan and may not apply to the extended loan term. My signature on this Amendment will have the same legal effect as an original. I understand that I cannot skip the initial and first four payments on any new loan(s) or skip another loan payment for the next 12 months. Also, I cannot skip a payment within the final 12 months of any loan. Skip-A-Payment is not available to members who are not current on their loan(s), who have had a payment extension, who currently have a loan in default or who are not in good standing with the credit union. Some loans including; loans with CPI coverage; loans with three previous skipped payments; convenience check loans; mortgage loans and unsecured lines of credit do not qualify for this offer. Credit cards have a different criteria for Skip-A-Payment. Please ask a representative for details. Alliance reserves the right to refuse your request to skip your loan payment(s) and will notify you if you are not eligible.
